## STRENGTHENING SWISS EXPERTISE FOR INTERNATIONAL BUSINESS

### Dear Client

The HOLINGER Group, with its legal seat in Liestal in Switzerland is proud to announce the merger of SWISSWATER GmbH, IBG Ltd. and HOLINGER International Consultants SARL. Per 1 January 2022, the three HOLINGER affiliates will operate as one united international firm: **HOLINGER International Consultants SARL**.

*“This exciting merger will improve the HOLINGER Group’s ability to serve international customers competitively and to address future challenges in the water and environment sector,”* explains Stephan Künzler, spokesman for the Board of Directors, HOLINGER AG

All our customers are invited to celebrate this move with us at the IFAT 2022, on Wed June 1<sup>st</sup>.

*“As you know, IFAT is a great opportunity to meet peers and partners and hear about the latest developments in our fields. But we want to particularly invite you to drop by our stand from 16:00 for a meet and greet party, where we will be celebrating our future as one firm with you,”* says Roland Metzler, Director of HOLINGER International Consultants SARL.

There is an ever-increasing demand for the HOLINGER Group's extensive experience in the fields of water supply, wastewater technology, sewage disposal, hydraulic engineering and renewable energies and the united company allows us to effectively bundle the foreign activities within the Group and coordinate the handling of international projects to better meet the needs of our clients.

Yours faithfully

**HOLINGER International Consultants SARL**

*More information about merging companies and the IFAT is included below.*

## THREE FIRMS ONE FUTURE

### SWISSWATER GmbH

Established in 2002, with a main focus in China and a member of the HOLINGER Group since 2012, Swisswater GmbH was a competitive environmental company that successfully elaborated many engineering solutions in the field of wastewater and urban drainage.

### IBG Ltd

Established in 1976, and a member of the HOLINGER Group since 2015, IBG has worked in Africa, Central Asia, Europe and the Middle East and was successful in consultancy, design and implementation of human and environmental water sector infrastructure projects.

### HOLINGER International Consultants SARL

An affiliate of the HOLINGER Group established in 2010. HOLINGER IC has been successful in consulting services in the fields of water and environment mainly in Central Asia and Balkans. The main business areas are water supply, wastewater, urban drainage, hydraulic engineering and renewable energy solutions.

### **Every drop counts**

The united company is committed to analysing and understanding the needs of our clients and providing them with tailor-made solutions that best match their requirements and expectations. Building on our combined track record of the successful implementation of projects in over 50 countries, we find the best sustainable solution because when we talk about **Water - every drop counts**.

## MEET & GREET PARTY AT IFAT 2022

We want to celebrate with you and drink a toast to our one firm future as **HOLINGER International Consultants**. Please save the date and join us at IFAT.
